FROM

C. L. S. RUSSELL, Esq., I.C.S.,
FIRST ASSISTANT TO THE RESIDENT
IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 22nd Nov 1901.

SIR,

I am directed to forward a copy of the draft rules for the management of the Excise Depot in the Civil and Military Station of Bangalore, which it is proposed to issue under section 65 of the Excise Act, 1896 (XII of 1896), and to enquire, with special reference to the rules relating to dealing with officers of the Mysore Excise Department, whether the Darbar see any objection to them. The officiating Resident will be glad to be favoured with a very early reply.

I have the honour to be,
Sir,
Your most obedient servant,

L. Russell

First Assistant Resident.

vs.

Rules for the management of the Civil and Military Station Excise Depot.

Rules Nos 20—29.

PART III GANJA.

Rules Nos. 30—35.

4

THE HONOURABLE THE RESIDENT IN MYSORE.

—:o:—

Notification.

—:o:—

No . In exercise of the powers conferred by section 65 (f) and (g) of the Excise Act, XII of 1896 as applied to the Civil and Military Station of Bangalore, the Resident in Mysore is pleased to make the following rules for the working and management of the Government Excise Depôt established in the said Station for the supply of country spirits classed as arrack to arrack shops and of ganja to the ganja shops;—

Part I.

(General rules applicable to the management of the Excise Depôt.)

1. The Excise Depot shall be under the supervision of the Superintendent of Excise, who shall carry out the provisions of these rules either in person or through his subordinates. Provided that nothing herein contained shall be held to prevent the Collector or other officer vested with the powers of the Collector from inspecting the depot, or to prevent the Collector from issuing such orders relating thereto as he may from time to time deem fit subject to the approval and confirmation of the Resident.

2. The Resident may appoint such officer or officers of the Excise Department as he may see fit to the immediate charge of the Excise Depot.

3. The strength of the guard maintained at the depot shall ordinarily be two peons. A duty roster shall be prepared by the Officer in charge of the Depot clearly prescribing the date and hour on which each peon shall be on duty.

4. The depot shall be opened at 7 A. M., and shall be closed at noon except on Sundays and authorized holidays, when it shall be closed except under the special orders of the Superintendent of Excise.

5. All spirits and ganja shall be kept in the store-room provided for the purpose, and the key of the room shall be kept by the officer in charge.

6. Any licensed arrack or ganja vendor who wishes to remove spirits or ganja from the Depot to his shop shall tender the duty and cost price of the same to the shroff at the Depot together with a challan in Form 4A. The shroff shall receive the amount and grant a receipt in Form 5A. The vendor shall then submit an application in Form 6A. or 7G. to the Officer in charge of the Depot accompanied by the shroff's receipt and a permit book in Form 7A. or 7G. Applications for the issue of several permits may be included in one form so long as the issues are to be made to a licensed vendor who possesses two or more shops. The officer in charge of the depot shall verify the calculations of the amount of duty, etc., contained therein, comparing the figures with the receipt granted by the shroff. Having ascertained that all documents are in regular order, he shall grant a permit in the prescribed Form 7A. or 7G.

7. All forms which licensees of arrack or ganja shops are required to use shall be supplied to them by the Officer in charge of the Depot on payment of the price, which shall be fixed by the Collector at as near the cost price as possible.

8. The officer in charge shall keep a diary in form 12A in which he shall record at the time and in ink the exact hours of his daily arrival at and departure from the Depot, of his opening and closing of the same, of the receipt and removal of spirits and ganja. He shall also keep a full record of the use made of lock tickets. The shroff shall also enter in this diary the date and hour of his arrival at the Depot. Superior officers inspecting the depot should initial the diary after entry of such remarks as they find necessary and should append to their initial the date and hour of their visits.

9. The Officer in charge of the Depot shall maintain an account in Form $\frac{8A,}{8G,}$ which must be written up at the close of each day's transactions, and must be compared by him with the shroff's collections on account of arrack for the day as entered in the latter's cash-books, with the totals of which it should tally. If he finds that the totals of the figures in Form $\frac{8A,}{8G,}$ tally with the shroff's cash account, he shall initial the latter account, in token of its being correct. Should he find any discrepancy that cannot be accounted for, he shall at once report the fact to the Superintendent of Excise. A copy of this account shall be submitted daily to the Collector through the Superintendent of Excise.

10. The Officer in charge of the Depot shall keep an abstract account of the total daily receipts and sales of arrack in Form $\frac{10A}{10G}$. He shall write it up daily. At the close of each month the totals shall be filled up and an extract of the account in the same form shall be submitted to the Collector through the Superintendent of Excise on or before the 5th of the following month together with the original permits in Form $\frac{2A,}{2G,}$ covering the amount of exciseable articles received during the month, the applications in Form $\frac{6A,}{6G,}$ and the shroff's receipts in Form $\frac{5A}{5G,}$ for the amount of duty and cost price collected on all issues during the month. Every entry in Form $\frac{10A,}{10G,}$ must be checked by the Superintendent of Excise or his Assistant with the other Depot accounts, and must bear the initials of the checking officers in token of its being correct. The extract shall also be checked in the Collector's office with its enclosures in Forms $\frac{2A, 5A \text{ and } 6A.}{2G, 5G \text{ and } 6G.}$ The Collector shall also obtain from the Officers in charge of the Mysore Government distillery and ganja Warehouse duplicates of the permits in Form $\frac{2A}{2G}$ which shall be checked with the permits received from the Depot. The account submitted by the Treasury Officer of collections received from the Depot during the month shall also be compared in the Collector's office with the particulars of remittances made as entered in Form $\frac{10A,}{10G,}$

11. The shroff shall keep, separate cash accounts in Forms 11A and 11G, on account of arrack and ganja and shall at the close of each day's transactions pay the total collections into the Resident's Treasury; the remittance shall be accompanied by duplicate challans in Form $\frac{9A}{9G}$. There shall be separate challans in Form 9 A, in respect of collections on account of ganja and arrack; and in the case of each of these also there shall be separate challans for the cost price of the exciseable articles and for the duty collected thereon. All challans shall be checked and initialled by the Officer in charge of the Depot. On receipt of the remittance one copy of each challan shall be signed by the Treasury Officer in token of receipt of the remittance, and the duplicate shall be retained by him. Should the treasury be closed on account of some gazetted holiday or otherwise, the collections should be kept in the cash chest at the Depot, one key of which should be kept by the shroff, and the other by the Officer in charge of the Depot. The Superintendent of Excise should on such occasions arrange for a guard to watch over the cash chest, and as soon as the treasury reopens the necessary remittance should be made. The Officer in charge of the Depot shall carefully supervise the work of the shroff and bring to the notice of the Superintendent of Excise any neglect of duty on his part.

12. The use of uncovered lights of any description within the Depot is prohibited. Closed lanterns only shall be used.

13. The Depot shall be open only for the entrance and exit of persons who have business within it. Except with the permission of the Superintendent of Excise or other superior officer, no one except officers of the Excise Department and the superior officers of other Government Departments, licensed vendors and their servants who have come to purchase spirits, shall be allowed to enter the premises on any pretext.

14. All persons entering the Depot shall be subject to the control of the officer in charge in respect of their conduct and proceedings within the Depot and shall be liable to search, on their quitting the premises at the discretion of the officer in charge.

15. The officer in charge of the Depot may eject from the premises any person whom he shall find to have committed or to be about to commit any breach of these rules, or of the provisions of the Excise Act 1896, or who shall be intoxicated, riotous or disorderly. All action taken by any such officer under this rule shall forthwith be recorded by him in writing in his official diary for the information of his official superiors.

16. A list of all articles used at, or in connection with the Excise Depot shall be maintained by the officer in charge in Form 14.

17. All vessels and weights used at the Depot in measuring out spirits or ganja shall from time to time be inspected and gauged by the Superintendent of Excise or his Assistant, and whenever this is done the result shall be recorded in the diary Form No. 12A., by the inspecting officer.

18. The Superintendent and the Assistant Superintendent of Excise shall inspect the depot as frequently as possible without previous notice being given.

Special Rules.

Part II, Arrack.

19. In these rules the word "to gauge" means to determine the quantity of spirits contained in any receptacle, or to determine the capacity of a cask or other receptacle, and "to prove" means to test the strength of spirits by an hydrometer.

20. For supplies of spirits the Superintendent of Excise shall send to the Officer in charge of the Mysore Government Distillery, an indent in Form 1 A appended, showing the number of casks of spirit required.

21. No spirits shall be received into the depot unless accompanied by a permit in form 2 A. from the Officer in charge of the Mysore Government distillery, and stored in a cask registered in form 13A. and sealed with that officer's seal. An impression of the seal used by the Officer in charge of the Mysore Government distillery shall be kept at the depot. On receipt of the liquor at the Excise depot the contents of the pass shall be compared by the officer in charge with the details painted on the casks, and the seals, etc., on the casks examined. Discrepancies or other irregularities discovered shall at once be entered on the reverse of the pass, and in the officer's diary and a report shall also be made to the Superintendent of Excise. The date and hour of receipt of consignments shall also be entered on the reverse of Form 2 A, and also on the duplicate of Form I A, to show that the indent has been complied with.

22. Prior to the issue of liquor from any cask, the Officer in charge of the depot shall enter the number of the cask in column 5 of the register to be maintained in form 3 A, and the reputed quantity and strength of its contents in columns 6, 7 & 8. He shall then shew in columns 9, 10 & 11 the total of the above added to the balance from the cask opened next in order preceding. He shall at the same time prove the strength of the contents and enter the result in column 23. A record of issues as they are made from the cask shall be maintained in columns 12—16 of the same register, and when the balance remaining is insufficient to meet in full the next indent for issue, the amount of the balance shall be entered in columns 18—20, the total actual contents of the cask as ascertained shall be entered in columns 22 & 24, and the wastage or excess as

compared with the reputed contents shall be entered in column 25. In the event of the wastage exceeding one per cent of the reputed contents, an immediate report shall be made through the Superintendent of Excise to the Collector, who if, satisfied that the wastage is due to accident or unavoidable causes, may order the amount to be written off the depot account, but otherwise shall refer the matter for the orders of the Resident.

23. Payment of the cost price of country spirits shall be made in the following manner.

(1). A bill for the cost price of the liquor supplied to the depot shall be submitted by the manufacturers once a fortnight to the Superintendent of Excise.

(2). On receipt of the bill the Superintendent of Excise or his Assistant shall check it with Forms Nos. 1 A, 2 A and 10 A in the depot, and having ascertained that the amount of the bill is correct shall certify to the following effect on the bill. "Certified that I have personally checked this bill with the depot accounts and found that the amount of the same (rupees in writing) is correct"

(3). Should the bill submitted be found to be incorrect, it shall at once be returned to the manufacturers for amendment.

(4). The Collector shall on receipt of the bill from the Superintendent of Excise have it checked with the duplicate permits in Form 2 A in his office, and then pass it for payment by the Treasury Officer of the Resident's Treasury.

24. Spirits may only be issued from the depot for local consumption to licensed arrack shop-keepers on payment of the cost price of the spirits as fixed from time to time, in addition to Government duty of Rs. 4—12—0 per gallon of 20° under proof and Rs. 4—2—6 per gallon of 30° under proof.

25. No smaller quantity than one imperial gallon shall be issued at any one time and no spirit shall be issued except of the strengths mentioned in the preceding rule.

26. The measures to be used at the Depot shall be gallons and drams. The gallon shall be the standard imperial gallon, and the dram shall be $\frac{1}{51}$ part thereof.

27. As each cask is first brought into use its exact contents shall be ascertained by actual measurement, with water or spirits. At the same time, as such measurements may be useful for reference, though not absolutely accurate, the capacity by the gauging rod, the diameters and the length shall as far as possible be taken and recorded in a register in Form 13 A, all entries in which shall be dated and initialled by the officer making them.

28. On each end of all casks used at the Excise Depot for conveyance of spirit from the distillery or for storage or issue of spirits the contents in gallons, the consecutive number of the cask according to the register and the letters "C & M S Dpo" shall be legibly cut, or branded or marked in oil paint. The contents of the casks shall be ascertained and marked to the nearest dram. If a cask is taken to pieces for repair or for purposes of easy transport, it need not be regauged unless on checking the bung capacity, the diameters and the length, which shall always be done, a difference exceeding one per cent be found, in which case it shall be regauged.

Part III Ganja.

29. For supplies of ganja the Superintendent of Excise shall send to the Officer in charge of the Mysore Government's ganja warehouse an indent in Form 1G, showing the amount of ganja required.

30. No ganja shall be received into the depot unless accompanied by a permit in Form 2G. from the Officer in charge of the Mysore ganja warehouse and packed in a case sealed by that Officer and bearing the name of the ware-

house, the nature of the contents, the gross weight of the case and its contents and the net weight of the ganja contained in the same. An impression of the seal used by the Officer in charge of the warehouse shall be kept at the Excise depot. On receipt of the ganja at the Excise depot the contents of the pass shall be compared by the officer in charge with the details painted on the cases, and the seals etc., on the cases examined. Discrepancies or other irregularities discovered shall at once be entered on the reverse of the pass, and in the officer's diary and a report shall also then be made to the Superintendent of Excise. The date and hour of receipt of consignments shall be entered on the reverse of Form 2 G. and also on the duplicate of Form 1 G, to show that the indent has been complied with. The Superintendent of Excise or his Assistant shall then weigh the same into store and record the result of the weighment on the reverse of the Form 2G, and in Form 3 G.

31. Prior to the issue of ganja from any box, the Officer in charge of the depot shall enter the number of the box in column 4 of the register to be maintained in form 3 G, and the reputed weight of its contents in columns 6 & 7. He shall then shew in columns 8 & 9 the total of the above added to the balance from the box opened next in order preceding. A record of issues as they are made from the cask shall be maintained in columns 10—14 of the same register, and when the balance remaining is insufficient to meet in full the next indent for issue, the amount of the balance shall be entered in columns 15 & 16, the total weight of ganja fit for issue as ascertained shall be entered in columns 17 & 18, and the wastage as compared with the reputed contents shall be entered in columns 19 & 20. In the event of the wastage exceeding one per cent of the reputed contents, an immediate report shall be made through the Superintendent of Excise to the Collector, who, if satisfied that the wastage is due to accident or unavoidable cause may order the amount to be written off the depot account, but otherwise shall refer the matter for the orders of the Resident. Refuse and dust shall be burnt by the Superintendent of Excise or under his special orders by his Assistant. The date and hour of destruction and the amount destroyed shall be entered in the remarks column of the account under the initials of the officer supervising the same.

32. Ganja shall only be issued from the depot for local consumption to licensed ganja shop-keepers on payment of the cost price as fixed from time to time, in addition to the Government duty of Rs. 3 per one seer of 80 tolas.

33. The standard weights to be used at the depot shall be seers and tolas 80 tolas being equal to one seer.

34. As soon as each consignment of ganja has been received the cost price of the same shall be remitted in Form 4 G, to the Mysore Durbar's District Treasury, Bangalore. The amount to be paid for shall be the weight of the ganja as entered in the permit Form 2 G, as issued from the Mysore warehouse. On receipt of the remittance one copy of the form shall be signed by the Treasury Office and returned to the Officer in Charge of the Depot; the duplicate shall be retained by him and the triplicate shall be forwarded by him to the Mysore Excise Commissioner's Office.

The Excise & Cinema in Mysore

This is answered I have written a letter to the Resident & am awaiting reply 26/11/01

Sir,

No 5771 & 22nd November 1901,

I have the honor to forward herewith a copy of the letter, from the F.H. to the Resident in Mysore, together with its enclosure in original (to be obligingly returned) enquiring ~~about~~ with special reference to the rule relating to ~~dealing with~~ Offices of the Mysore Excise department, whether the Darbar see any objection to them, and to request that you will be so good as to favour the Government

Note your opinion on
the subject ~~as quickly~~ at a very
early date
~~as possible~~.

SECTION S.R.

FILE No. 80-(1901-02)

SERIAL No. 7

Submitted,

The establishment of a depôt under Govt. management, is specially resorted to by the C & M Station authorities. The rules ~~[illegible]~~ proposed to be issued by the Resident are mostly in accordance with those applicable to the management & supervision of the Govt. Central Distillery and to the issue of arrack to bonded depots, in Mysore & in regard to certain duties to be performed by the Mysore Govt. Officers re the issue of arrack from the Distillery to depôt at the C & M stations which are embodied in the Rules, the Excise Commr's opinion is

necessary & accordingly
a draft is submitted
for approval or orders.
